EDUCATION

B Tech
University of Petroleum and Energy Studies

06/2018 - 06/2022   *GPA 8.63*

Courses
- B.tech in Computer Science Engineering with specialization in Artificial Intelligence And Machine Learning

Senior Secondary Education
St. Theresa Sr. Sec. School ,Kathgodam

05/2016 - 05/2017

Courses
- PCM

WORK EXPERIENCE

Data Science Intern
Freecharge

01/2022 - 07/2022

Achievements/Tasks
- Worked on a python automation project.
- Task is to create a python script which encrypts a csv file and mail it to multiple clients.
- Client information is present in a csv file which is present inside the S3 bucket. Login and other details are read from a json file.

Data Scientist Intern
Celebal Technologies

06/2021 - 07/2021

Achievements/Tasks
- The project was "Topic Categorization".
- Team comprised of four members. In this project we had to identify the topic of the given paragraph or article by picking up the keywords.
- We used LSTM recurrent neural network to build our model.

PERSONAL PROJECTS

Image Classification (02/2021 - 03/2021)
- This project contains an implementation of convolutional neural network on CIFAR-10 dataset
- Applied transfer learning using VGG-16 model on CIFAR10 dataset
- https://github.com/ayushjoshi181999/Image-Classification-

Housing Prices Prediction (09/2020 - 10/2020)
- Developed a polynomial regression model to predict the price of houses
- https://github.com/ayushjoshi181999/Polynomial-Regression
